## PRIMARY AND HIGHER SECONDARY SCHOOL

### From the desk of the Principal

**Happy Kannada Rajyotsava**

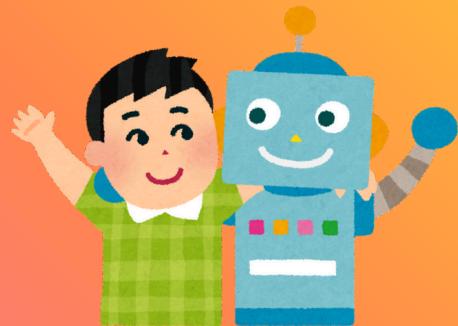

Hope this News Letter finds everyone in good health. October was a jubilant month with vibrant series of festivals. I believe that our students celebrated them meaningfully and joyfully.

We have started with 2<sup>nd</sup> Semester portions and preparing for Science and Arts Exhibition scheduled on 12<sup>th</sup> and 13<sup>th</sup> November. Make yourself free to visit the exhibition and motivate our students. The FA3 will commence from 4<sup>th</sup> December. Every FA is a part of the Final Assessment. So consider them seriously and prepare the students well. Good Luck. Meet you all on 12<sup>th</sup> November at the Exhibition.

By,  
Principal

# DIWALI CELEBRATION

Diwali celebrations were observed with great joy and excitement. The programme began with a speech on the significance of the festival, followed by colourful dance performances by the students. Students lit the Diya's from their teachers in the assembly and carried to their classes clearing away the darkness

# Diwali Delights

## VR SHOW

As a gift to the students for the upcoming Children's Day. Dome Planetarium show and Virtual Reality show was arranged to students from Nursery to 10<sup>th</sup>. Inside the special dome theatre, students experienced planets, stars, and galaxies in a realistic 3D view.

Students enjoyed and learnt the same

## PREPARATION FOR EXHIBITION

We are preparing for 'Genesis', the Science and Arts Exhibition scheduled on 12<sup>th</sup> and 13<sup>th</sup> November. Our students will be taking the audience from 'Cave to Cosmos', flying through various beautiful countries and landing in space. The entire school is filled with excitement as preparations are in full swing to make the event a grand success.
